Haines 400

Haines 400

SPACE TO LIVE & ENTERTAIN

The flagship of the Haines fleet offers the choice of two hull designs, Semi Displacement or Medium Vee Planing.

Above deck level both boats are identical and offer accommodation for either 6 or 8 people. The semi displacement 400 is available with single or twin engine installation whilst the planing 400 provides a plus 30 knot performance with the larger twin engine options. Whichever hull design you choose, space and light come as standard.

The 400's saloon is the biggest in its class and has panoramic windows with large sliding openers to port and starboard, together with a large opening sunroof. Other standard features include a large 200 litre stainless steel fridge freezer; a saloon drinks fridge, and a moveable two seater settee to port giving seating for six people around the saloon dining table.

More practical boating needs are also covered as standard on the 400 such as waste tanks with diverter valves and an easy lift forward section canopy.

Haines 400

THE CHOICE IS YOURS

Haines offer two different timber work styles for the 400 and a range of different hard woods, all hand crafted to the customer's exact choice.

The standard layout offers two staterooms with island double beds and full en-suite facilities to each including separate shower cubicles. This layout allows for a class-leading saloon and galley space, incorporating two separate seating areas, one a large dining area in the upper saloon with a freestanding seat that simply slides across allowing six people to comfortably dine.

A well equipped galley with a stainless steel domestic sized fridge freezer, double sink, hob, and an oven / grill. A washing machine / dryer or dishwasher could also be accommodated in this area.

Other layout options include a mid cabin version with twin bunk beds, the option of a larger split galley or two single vee berths in the forward cabin.

Please ask for details.

Haines 400

SLEEK, SAFE & STYLISH

On deck the 400 Haines offers style and practicality. The side decks are wide with a solid stainless steel guardrail. Whilst the aft deck is enclosed by a GRP coaming with GRP gates port and starboard, this arrangement creates a wonderfully safe place for a family to relax and play, and it can be completely enclosed by a quick deploy canopy.

Boarding and alighting is made easy by the port and starboard steps that lead from the extended bathing platform to deck level.

Dark tint hull windows discreetly integrate four portlights forward while also providing fixed engine room ventilation.

FORWARD CABIN

Forward guest stateroom cabin with an island double berth and two drawers below, hanging lockers to both port and starboard, eye-level storage lockers and shelving beside berths.

TOILET / SHOWER

En-suite forward toilet to starboard with sea toilet to holding tank, ceramic basin and mixer tap, eye-level storage locker, solid surface shelving and flooring. En-suite forward shower to port with solid surface shelving and flooring, shower seat and eyelevel storage locker.

GALLEY

Galley to starboard, 3-burner gas hob with glass cover or recessed under worktop 2-burner hob, stainless steel gas oven and grill. Drawer and cupboards under, twin sinks with mixer tap, large stainless steel fridge freezer, eye-level locker, drawers and shelf outboard.

SALOON

Split level saloon with lower seating area on portside opposite galley, U-shaped settee arrangement with drawers below, fixed table, eye-level locker and shelf outboard. Upper saloon with U-shaped settee to starboard converting to double with storage under (option of full double domestic sofa bed arrangement), 2-seater freestanding settee to port, full length cupboard / cocktail cabinet, stairs to aft deck, large hi / low rectangular table to comfortably accommodate 6 diners.

AFT CABIN

Aft master stateroom cabin with a large island berth across the boat, dressing table with three drawers along the transom making the most of the light and the views from the aft panoramic screens with its two opening flush hatches onto the bathing platform, two separate hanging lockers, bedside lockers and drawers either side of the double berth. En-suite aft toilet and shower compartments to starboard, sea toilet to holding tank,

counter top wash basin and mixer tap, solid surface worktop, cupboard storage below. Separate fully enclosed domestic shower cubicle with bi-fold screen.

AFT DECK

Aft Deck helm to starboard, dash with full engine instruments, easy-fold clamshell style forward canopy, deck seating and dining arrangement with cushions, deck storage lockers below, gas locker, folding teak table with fixed base, helm and navigator seats (option of helm box seat for additional storage), storage to port with double doors, recess locker to starboard accommodating horseshoe life ring. Port and starboard transom steps to large bathing platform and swim ladder.

Mid-cabin or full split galley layouts are also available, please ask for further details.
